Provided by: Northeast Counterdrug Training Center

Hosted by: The Hendricks County Sheriff's Office & Plainfield Police Department

Co-Hosted by: MAGLOCLIN, US Attorney's Office (SDIN), Indiana HIDTA, and IDEA

This course has been designed to complement the experienced undercover officer as well as bring a "new" undercover up to a level of awareness, safety and knowledge that is required of those seasoned undercovers. The course covers effective recruitment and utilization of informants, identifying safety considerations and unique problems associated with undercover work, addressing the psychological challenges of undercover work, identifying difficult undercover situations and demonstrating methods to resolve them (drugs, alcohol, sex, and other crimes), understanding prosecutorial guidelines, regulations and entrapment issues, discussing risk management of undercover operations, examine key issues in the supervision of undercover units and personnel, demonstrating techniques for infiltration of transnational criminal organizations, identifying and demonstrating briefing and debriefing technique and professional documentation/courtroom preparation and testimony. Maybe most important is how criminals identify Undercover Officers as Law Enforcement.
